Dear Pat and Stan,

Isn't it tacky to write a thank-you note and get a little free advertising at the same time? Just wanted to let you know what Nancy and I are up to.

Yesterday was such a treat for all of us! Frustrating, though; these once-a-year meetings are just too brief. We think you should have a vacation hide-a-way in Newport.

It's incredible that we're starting our seventh year at the War College (Rich's eighth) — and the first is still the best!

Many thanks for including us in the group at luncheon yesterday; we loved every minute of it!

Love,

Mary
